SPONSORS

We are still looking for more sponsors of this year's Conference so please consider whether this is something your business will support.

The NZHHA conference is your single opportunity throughout the year to interact with other industry professionals, all in one place.

We have a range of sponsorship opportunities which offer your company access to high level discussions amongst our delegates, keynote speakers and industry representatives.

Each sponsorship package is designed to offer a range of communication and marketing opportunities based on the level of exposure you choose.

This once in a year opportunity is perfect for those who are looking for a unique method of communicating within the industry. This offer is not limited to NZHHA members. We invite others who work or have a business interest in this industry to participate in our conference.

Sponsorship options are limited, so don't miss out! Click the 'Become a sponsor now' button below for details and options.

Contact info@homeheat.co.nz if you have any questions or if you wish to discuss our sponsorship options in more detail, please call me on 04 473 6011.
